

For 50 years, the **Commonwealth Girls Education Fund (CGEF)** has sponsored and empowered capable girls in Commonwealth countries through secondary education. Today the CGEF supports **355 girls in 32 countries...** girls like Christy in Cameroon who wants to become a doctor, and Mahalia from St. Lucia whose ambition is to become an accountant ...girls who are benefitting from our sponsorship.

As we celebrate 50 years as a charity, we continue to raise funds to help us in our work. And once again, we are participating in the **Virgin Sport British 10K Run Presented by ASICS** which takes place on **Sunday 15th July 2018**. Every year, volunteers from corporates, other businesses, supporters and friends run to raise money for us. Last year we had 50 runners, one for each year we have been helping girls. This year, we hope to have a team of **30 runners**. Our goal is to reach a target of **£15,000**. But to do this, we need your help!

50th
ANNIVERSARY

It costs on average £500 to educate a girl for a year. Please help by donating or supporting our activities. Or you can join us as a runner and help us to raise funds. If you would like to support our fundraising or run—or walk—for the CGEF in **Virgin Sport British 10K Run Presented by ASICS** on **Sunday 15 July 2018**, please contact Libby Cooper, the CGEF British 10K Run coordinator at 10KRun@cgefund.org.

EDUCATE A GIRL
EMPOWER A WOMAN
